Gin Adams has over 20 years of experience, working in a wide array of functions including project management, program management, business analysis, operations support, and release management. Her most recent role as Senior Director of Reporting & Data Management for Xumo, focuses on data governance and management of the compete project lifecycle for new data integration, data integrity and standardization. During her tenure at Comcast, she progressed in her career through leading multiple product quality and reliability programs, and constantly strives to support the growth and development of her team and others around her. Prior to working at Comcast, Gin has held project management roles at United Parcel Service and Hewitt Associates (now Aon Hewitt). She holds a bachelor's degree in Management Science & Information Systems from Rutgers University. Outside of work, Gin enjoys spending time with her family, traveling, exploring new restaurants, and skiing.
